**Of The Sign**

It took eleven years to finish an eighty-year tale about a baby called "Potsy" born to a cartoon-animating father and fantasy-loving mother. It's a whimsical picture storybook that chronicles growing up on the "wrong" side of the Hollywood Sign. Scenes picture a childhood playing near where her father drew Donald Duck for Walt Disney, starring a cast of characters including grade school classmates Natalie Wood and Miss Burbank Debbie Reynolds. Her stories, and the movie clips allow you to truly view the early days of La La Land (written accounts in the book!) Her adventures far from the shadow of the Sign prove that T.S. Eliot was right: "We shall not cease from exploration, and the end of all our exploring will be to arrive where we started and know the place for the first time."
